

DYSTOPIAN LITERATURE:

Choose three characteristics of Dystopian society. Identify the three you chose in the left column. In the middle column, provide evidence from the text. In the last column, explain your evidence.

Once you have analyzed three elements of dystopia write a four paragraph essay that explains how each element is represented in the text. Use textual evidence to support your reasoning.

Book Cover Students will individually create their own book covers for *Feed*. Students will be first asked to brainstorm themes, symbols, and characters in the novel that might be appropriate to highlight on a book cover. This will be a full book cover which includes the creation of a front, back, inside flaps, and spine. Students will have to include elements such as: title, author, subtitle, book summary, blurb about the author and at least two quotes. Students will also have the *option* of adding other elements such as testimonials, awards, and price. This project will give students the opportunity to reflect on all important aspects of the novel that they believe should be highlighted on a book cover, which is typically what draws readers into the book.
